

DANCE AT WESTMORELAND FOR MISS LUCIE NEAL

Mrs. Clifford Miller Gives Entertainment in Honor of Debutante.

RECEPTION FOR MISS MOSELEY

Home of Mrs. Grandison Moseley on Grove Avenue Is Scene of Brilliant Affairs—Dance at Country Club This Evening.

One of the prettiest dances of the season was given at the Westmoreland Club last evening in honor of Miss Lucie Neal, daughter of Mr. and Mrs. William Greener Neal, by Mrs. Clifford Miller. The dance, which was a grand affair, was arranged on the roof-garden of the club, and the sixty members of the debutante set entertained were seated at these in parties of six and eight. The roof-garden was decorated everywhere in pink roses and rose-colored lights, and palms and bay trees screened the orchestra, which played throughout the evening.

On account of mourning, Mrs. Miller did not receive last evening, and Miss Neal was introduced by her parents, Mr. and Mrs. William Greener Neal and Mr. and Mrs. Walter Hubbard. Miss Neal wore a dress of white tulle, with a long train and a full skirt, and carried a bouquet of pink roses and lilies of the valley. Mrs. Neal was handsomely dressed in black tulle draped over yellow satin, and her hair was styled in waves. Mr. W. L. T. Rogerson did the honors at the punch bowl.

Miss Moseley's Debut Reception.

Miss Rosa Moseley made her formal debut to society yesterday afternoon at a handsomely arranged reception given by her mother, Mrs. W. Grandison Moseley, at her residence, 1501 Grove Avenue. The entire lower floor was a bower of beautiful flowers for the occasion and a large orchestra played during the receiving hours. The two drawing-rooms were arranged in quantities of pink roses, palms and ferns, and pink blooms and shaded lights decorated the mantels. Mrs. Moseley introduced her daughter to the guests, who were present, and Mrs. Albert C. Floyd, of Washington, was also in the receiving line. The debutante wore a gown of white tulle and silver, with a long train and a full skirt, and carried a "grandmother" bouquet of tight pink buds and lilies of the valley, tied with pink tulle streamers. Mrs. Moseley was dressed in bird-egg blue crepe embroidered in tulle, made with a wide border of silver and sequins, finished with silver, and her flowers were purple orchids. Mrs. Floyd wore black tulle trimmed in jet and lace, with a corsage bouquet of Parma violets.

The halls were arranged with yellow chrysanthemums and palms, and the dining-room was arranged entirely in Christmas greens and red flowers. Poinsettias were used on the mantels and the centerpiece for the tea table was a big, oval-shaped plaque of poinsettias, with miniature Christmas trees hung with tiny boughs at each end. Mrs. Samuel D. Waddell and Mrs. Frank W. Duke presided at the punch bowl, and others at the tea table. The honors of the afternoon were Mrs. Arthur Cannon, Mrs. Elise Fauntleroy, Mrs. Warner Lewis Tabb and Mrs. James Gwatkin.

ARTHUR L. AYERS NAMED AS JAMESTOWN CARETAKER

Succeeds the Late William Leal—Association for Preservation of Virginia Antiquities Holds Meeting.

The central committee of the Association for the Preservation of Virginia Antiquities met at the John Marshall House yesterday morning, with the president, Mrs. J. Taylor Elyson, presiding. The meeting was well attended. Resolutions on the death of William Leal, the faithful caretaker of Jamestown Island, who died there, and who was buried in Hollywood, were adopted.

Mrs. John R. Lightfoot, in her interesting report, recommended the appointment of Arthur L. Ayers, of Williamsburg, as caretaker. Her report was accepted, and the appointment was approved.

A rising vote of thanks was given to Mrs. Lightfoot for her self-sacrificing promptness in attending to the affairs of the island, which necessitated a visit there on Monday to adjust the change in the management. She reported the bridge connecting the mainland with the island as having been strengthened and repaired, and made temporarily safe for travel. The association decided to share with Mrs. Barney in the cost of the labor.

An interesting suggestion by Mrs. John Dunn, chairman of the John Marshall House committee, that January 21, the anniversary of the date on which Chief Justice John Marshall took his seat, be named and observed as "Lawyer's Day," was adopted. Mrs. Dunn will appoint a committee to arrange all details, and the first celebration will take place on January 21, 1916, in the John Marshall House. The association will entertain the members of the bar. The men composing the advisory board of the association will act as hosts and receive the guests.

The resolution passed by the history section of the Virginia Teachers' Association, asking the General Assembly for a fireproof building in which to preserve the priceless papers and manuscripts relating to Virginia history, was unanimously endorsed. An important action was adopted motion opening the meetings of the association to all members during the coming year.

Mrs. E. E. Moffett brought to the notice of the members the fact that there was no monument to George Wythe, one of the signers of the Dec-

laration of Independence, who is buried in St. John's Churchyard.

An advisory board of men was elected as follows:

Edward Valentine, Bishop A. M. Randolph, Colonel Archer Anderson, R. A. Crook, Bishop R. A. Gibson, George Bryan, William C. Starnad, S. H. Yonge, Hunsdon Bryan, Bishop D. J. O'Connell, J. Alston Cabell, Henry Hutzler, R. A. Lancaster, Jr., J. Taylor Elyson, Rev. Thomas Cary Johnson, Harry S. George Tucker, Enoch Hunter, Jr., Henry Carter Stuart and Morgan P. Robinson.

The annual meeting will be held at the John Marshall House Tuesday afternoon at 3:30 o'clock, January 1, 1916.

PENITENTIARY MAKES MUCH MONEY FOR STATE

"Big Top," as Prisoners Call It, Is Operated at Profit of \$42,947.18.

MANY PRISONERS ON ROADS

Only Two White Women Are Now in State Prison—Superintendent Wood Files Annual Report With Governor Stuart.

The annual reports of Superintendent James B. Wood and the Board of Directors of the Virginia State Penitentiary, which were submitted to Governor Stuart yesterday, disclose that the "Big Top," as it is termed by the convicts, yielded large revenue to the State in the twelve months ended September 30.

The total earnings of the penitentiary for the year amounted to \$111,932.45, while the total cost of operation was only \$39,135.28, which leaves a net balance in the State treasury, above all expenses, of \$42,947.18.

This has been accomplished by careful management and the hearty cooperation of all the officers in charge of the institution, as well as the various departments.

The daily cost of the maintenance of prisoners, per capita, was a fraction over 35 cents.

The directors make this recommendation: "On account of the increase in supplies and the fact that a few repairs are absolutely necessary, we strongly urge that the appropriation for maintenance be increased from \$54,000 to \$60,000, as a minimum, which will leave the State a revenue of over \$5,000 per year, after all expenses have been paid, and at the same time, make ample provision for the accommodation of all prisoners confined in the penitentiary."

EXCELLENT WORK IS DONE AT STATE FARM

The report says of the State Farm: "Excellent work was done during the year. You will note the permanent improvements have increased from \$116,420.90 to \$153,455.02. "The farm is a paying investment to the State. Besides being a paying investment it takes care of the patients in the tubercular hospital, as well as all other sick and disabled prisoners."

"A dining-room and kitchen are needed badly at the State Farm; first, for a sanitary standard for the prisoners; second, as a saving to the State. We should have at least a \$5,000 appropriation to erect a dining-room and kitchen, and \$2,000 to complete the stable."

"We are glad to report that the penitentiary, State Farm and Road Force had a very successful year for 1915."

The total of the prison colony on October 1, 1915, was 234. During the year 534 were received. About 1,100 of the prisoners are worked on the public highways in convict camps, and on the farm. During the year three babies were born inside the prison walls, and there were six deaths. Four of the men died of diseases in the hospital, one met his death by coming in contact with a live wire outside the prison walls, near the power house, and another died suddenly in his cell of heart disease.

There were two escapes from the penitentiary during the year, five escapes from the State Farm colony, three from the State Line Grinding plant, and sixty-six from the road gangs, many being recaptured.

ONLY TWO WHITE WOMEN IN PENITENTIARY

There are only two white women in the penitentiary, one of whom was received in the last year. There are eighty-four negro women in the prison.

There are ten life-term prisoners and thirty-seven who are serving sentences for murder among those received in the last year. During the twelve months the terms of 525 prisoners, two of them white women, expired; absolute pardons were granted to two, and conditional pardons to 127.

Children Join in Tuberculosis War

Schools Take Hold of Sale of Red Cross Seals With Vim.

With energy and enthusiasm totally unexpected by those who fostered the movement, the school children of Richmond are forcing the fighting against tuberculosis this week. From the trenches comes the news that the youngsters have entered the war with an earnestness that has electrified the general staff, and that has kept headquarters on the run to furnish the arms and ammunition to follow up the assaults.

The Nurses' Settlement, which is in charge locally of the sale of Red Cross Christmas seals, has already distributed 625,000 seals among the children of the city's schools, and has been forced to send in a hurry call to the Virginia Anti-Tuberculosis Association for more munitions.

Being without local precedent, the Nurses' Settlement followed the practice in other cities of allowing seals on a basis of three to each child. Whereupon the workers in the trenches entered a protest against being limited to the means for more shrapnel warfare, and demanded a supply of high explosives worthy the importance of the battle in which they are engaged, and now the children are taking on seals by fifties and hundreds.

Eight or ten of the city schools are competing for the principal prize, and a number of grades are working for the prize to be given to a group. Competitors for the individual prizes to children under sixteen are numerous.

The teachers, who are generally taking great interest in this week's campaign in the schools against the white plague, believe the educational value of the movement among the children will prove most valuable. The present year is the first in which Richmond schools have helped in this way.

TETTER ITCHED AND BURNED

All Over Face and On Scalp. In Terrible Condition. Hair Fell Out In Handfuls.

HEALED BY CUTICURA SOAP AND OINTMENT

"I had tetter all over my face and on my scalp. My face would itch and burn and become irritated, and I couldn't help scratching it. I was in a terrible condition. My hair began falling out in handfuls, and my scalp itched and burned so I couldn't rest. I was bothered with tetter about twelve months. I tried all kinds of remedies but all failed. I used Cuticura Soap and Ointment three months and it stopped my hair from falling out and entirely healed the tetter."

"My little girl also had it on her face and hands. Her face was red and inflamed and she would fret and scratch until it would bleed. I used Cuticura Soap and Ointment on her face and hands. Now she is entirely well." (Signed) Mrs. O. L. Hendrix, Grinn, Va., Jan. 5, 1915.
